

LEICESTERSHIRE LOCAL AREA AGREEMENT

STRONGER COMMUNITIES THEME

This document brings together the Delivery Plan for the LAA Indicators for which the Stronger Communities Board is responsible. They were approved by the Board at its meeting on 10th September 2008, and supersede the draft versions submitted on 8th September 2008.

There are three overarching delivery plans. These are:

1. National Indicators 1, 2 and 4.

NI1 % of people who believe people from different backgrounds get on well together in their local area.

NI2 % of people who feel that they belong to their neighbourhood

NI4 % of people who feel they can influence key decisions about their locality

2. National Indicator 6

Participation in regular volunteering

3. Local Indicator 1

Quality Parish Councils

We are also submitting a delivery plan from the Community Services Department of the County Council. This has the support of the Stronger Communities Board as a model of good practice.

We would also like to propose a "round table" discussion on linking all the elements of the Stronger Communities work with the Neighbourhood Management system and the Community Engagement Section of Leicestershire County Council. This discussion would not only increase understanding and co-operation but could also identify overlap and potential savings for all.

MARTIN GAGE

Lead Officer for LAA Stronger Communities
